### EAAFP MoP11 Reporting Template

Dear Partner,

At EAAFP MoP 10 in Hainan, China (2018), the Partnership adopted the EAAFP Strategic Plan 2019-2028. The Paper (Decision 1) included the proposed Reporting Template for MoP11. The purpose of the Reporting Template is to assess the achievement of specific actions identified in the [EAAFP Strategic Plan 2019-2028](#).

The “Reporting Questions” are linked to Key Result Areas to enable an assessment of progress with the implementation of each element in the Strategic Plan. Indicators have been provided to facilitate reporting and access our achievements.

The Strategic Plan has the following attributes:

- 5 Objectives (as listed in the Partnership Document),
- 23 Key Result Areas (KRAs),
- 35 Indicators.

The reporting template has headings in three colors: Red (Partnership Objectives), Green (Key Result Areas identified in the Strategic Plan) and Blue (Indicators). The wording of the Objectives, Key Result Areas and Indicators were all accepted at MoP10.

Different Partner Groups, Working Groups, Task Forces, the Technical Sub-Committee and the Secretariat have differing roles and responsibilities. As such, each question identifies the Partner groups that are requested to respond to each question. Please focus on the questions that relate to the Reporting Group you are representing.

While the total number of questions is 53, the number of questions for each Partner Group, and each mechanism of the Partnership, is shown below:

Government	46 Questions (87%)
IGO	30 Questions (57%)
INGO	40 Questions (75%)
Corporate	29 Questions (55%)
Task Forces and Working groups	29 Questions (55%)
Technical sub-Committee	11 Questions (21%)
Secretariat	15 Questions (28%)

This Reporting Template has been sent to the Focal Point of each Partner, the Chair and Vice-Chair of each Working Group and Taskforce, the Chair of the Technical sub-Committee and the Secretariat.

Thank you,

Doug Watkins, Chief Executive, EAAFP Secretariat

# The EAAFP Reporting Questions

## General Information

1. Name of Reporting Group	The Hong Kong Bird Watching Society
2. Reporting Group	<input type="checkbox"/> National Governments (Govt) <input type="checkbox"/> Inter-Governmental Organizations (IGO) <input checked="" type="checkbox"/> International Non-Governmental Organizations (INGO) <input type="checkbox"/> International Corporate (Corporate) <input type="checkbox"/> Task Forces and Working Groups (TF/WG) <input type="checkbox"/> Technical Sub-Committee (TsC) <input type="checkbox"/> Secretariat (Sec.) <input type="checkbox"/> Other (please specify: .....) 
3-1. Designated EAAFP Focal Point	Name and title : Mr. Yat-tung Yu Affiliation : The Hong Kong Bird Watching Society P.O. Box/Street address : 7C, V Ga Building, 532 Castle Peak Road, Lai Chi Kok, Kowloon, Hong Kong Postal Code : Nil E-mail address : bfpsoonbill@hkbws.org.hk Telephone : +852-23774387 Website : www.hkbws.org.hk
3-2. Additional Designated EAAFP Focal Point ( <i>Optional</i> )	Name and title : Ms. Ming-chuan Woo Affiliation : The Hong Kong Bird Watching Society P.O. Box/Street address : 7C, V Ga Building, 532 Castle Peak Road, Lai Chi Kok, Kowloon, Hong Kong Postal Code : Nil E-mail address : wchuan@hkbws.org.hk Telephone : +852-23774387 Website : www.hkbws.org.hk
3-3. Additional Designated EAAFP Focal Point ( <i>Optional</i> )	Name and title : Affiliation : P.O. Box/Street address : Postal Code : E-mail address : Telephone : Website :
4. Report compiler	Name and title : Mr. Yat-tung Yu Affiliation : The Hong Kong Bird Watching Society P.O. Box/Street address : 7C, V Ga Building, 532 Castle Peak Road, Lai Chi Kok, Kowloon, Hong Kong Postal Code : Nil E-mail address : bfpsoonbill@hkbws.org.hk Telephone : +852-23774387 Website : www.hkbws.org.hk

# Reporting on the implementation of the EAAFP Strategic Plan 2018 - 2022

\*Note: In the Reporting Template the term “Partners” includes Government, IGO, INGO, and Corporate Partners.

**Objective 1** Develop the Flyway Network of sites of international importance for the conservation of migratory waterbirds, building on the achievements of the Asia-Pacific Migratory Waterbird Conservation Strategy, with the ultimate goal of establishing a sufficient and efficient network of sites with sustainable management. (FNS page: <https://www.eaaflyway.net/the-flyway/flyway-site-network/>)

- Supplementary information: [EAA Flyway Network Sites Overview Report 2013](#), [EAAFP Strategic Plan 2019-2028](#)

**KRA 1.1** A comprehensive and coherent Flyway Network of Sites is developed for migratory waterbirds, including sites that are not currently Protected Areas.

**Indicator 1.1.1** The Flyway Site Network has expanded to include at least 40 additional strategic internationally important sites for migratory waterbird conservation, some of which may not currently be a national Protected Area.

<p>RQ1. <b>(Govt)</b> Do you have a publicly accessible list of internationally important sites for migratory waterbirds in your country? If yes, please provide the web link or the reference in the below box. If not, would you like assistance from other Partners to develop such a list (please let us know your opinion in the box right below)?</p>	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned
<p>Additional information:</p>	

<p>RQ2. <b>(Govt)</b> Have any additional internationally important sites for migratory waterbirds been identified in your country? (for background, see <a href="#">EAA Flyway Network Sites Overview Report 2013</a>) If yes, please provide details on these sites.</p>	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned
<p>Additional information:</p>	

<p>RQ3. <b>(Non-Government Partners)</b> Have you documented any additional internationally important sites for migratory waterbirds in the EAAF (see <a href="#">EAA Flyway Network Sites Overview Report 2013</a>)? If yes, please provide details on these sites.</p>	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned
<p>Additional information:</p>	

<p>RQ4. <b>(Govt)</b> Have high priority candidate sites been identified for potential nomination to join the Flyway Site Network? If yes, please provide details on these sites. If not, would you like assistance from other Partners?</p>	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned
<p>Additional information:</p>	

<p>RQ5. <b>(Govt)</b> Have any additional sites been nominated for the Flyway Site Network since MoP10 (December 2018)?</p>	<input type="checkbox"/> Yes <input type="checkbox"/> No
---	---

If yes or planned, please provide the names of these sites.	<input type="checkbox"/> Planned
Additional information:	

RQ6. <b>(INGO, Corporate)</b> Have you supported Government Partners with their identification of high priority candidate sites for the potential nomination of the new Flyway Site Network? If yes, please provide details of your support and the associated sites.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned
Additional information: The Hong Kong Bird Watching Society published the report “China Coastal Waterbird Census Report 2012-2019”, which is available for government and related stakeholders as a reference of waterbird abundance and trend in some sites along the China coast. <a href="https://cms.hkbws.org.hk/cms/en/resource/publication/regional-publication/category/41-ccwc-report-en">https://cms.hkbws.org.hk/cms/en/resource/publication/regional-publication/category/41-ccwc-report-en</a> These figures and information are essential information to identify high priority sites for potential nomination of the new Flyway Site Network.	

RQ7. <b>(Govt)</b> How many additional Flyway Network Sites do you anticipate there will be in your country by 2025?	site(s)
Additional information:	

**KRA 1.2** National and Site Partnerships have been developed to coordinate the implementation of the EAAFP at national and local levels.

**Indicator 1.2.1** Guidelines for the establishment and operation of national and site partnerships have been developed and agreed.

**Indicator 1.2.2** At least 50% of Government Partners have an active National Partnership and site partnerships have been developed for at least 50% of the Flyway Network sites.

Guidelines on National and Site Partnership will be presented for adoption at MoP11. As such reporting on this KRA will start for MOP12.

**KRA 1.3** Flyway Network Sites are valued by the community and sustainably managed.

**Indicator 1.3.1** At least 50% of Flyway Network Sites have current management plans that address specific objectives for the conservation of migratory waterbirds and their habitats and that are being adequately implemented. Management plans have stakeholder participation and are approved by relevant agencies.

RQ8. <b>(Govt)</b> Which Flyway Network Sites (FNS) in your country have a Management Plan and when is it due to be updated?
Your Response:

**Indicator 1.3.2** At least 50% of Flyway Network Sites recognize the Flyway Site Network as a brand for the conservation of migratory waterbirds and their habitats in the EAAF.

RQ9. <b>(Govt, INGO, IGO)</b> Please provide examples of how the “Flyway Site Network” brand is being recognized.
Your Response: None

**Indicator 1.3.3** All Partners are using and complying with International standards ([International Finance Cooperation](#) or equivalent) for development within and adjacent to FNS and other internationally important waterbird sites.

<p><b>RQ10. (Govt, INGO, IGO)</b> Have any public consultation processes been implemented when a site of international importance for migratory waterbirds could be adversely impacted by a proposed development? If yes, please provide brief details on the site/s and if the development was approved.</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned <input type="checkbox"/> Not known
<p>Additional information: A development plan “Northern Metropolis Strategy” has been launched by HK Government in 2021. <a href="https://www.policyaddress.gov.hk/2021/eng/pdf/publications/Northern/Northern-Metropolis-Development-Strategy-Report.pdf">https://www.policyaddress.gov.hk/2021/eng/pdf/publications/Northern/Northern-Metropolis-Development-Strategy-Report.pdf</a> . This plan includes many infrastructure and town developments around the Mai Po Inner Deep Bay (EAAF 003). Public consultation process has been started in 2023 and the HKBWS also provide comments on conservation strategy of this plan.</p>	

<p><b>RQ11. (Govt, INGO, IGO)</b> Please provide brief details on any sites of international importance for migratory waterbirds that may be adversely impacted by a proposed development and the assessment process that was used or is anticipated to be applied.</p>
<p>Your Response: The Mai Po Inner Deep Bay (EAAF 003) can be adversely impacted by this proposed Northern Metropolis Development Plan.</p>

**KRA 1.4** Where appropriate, Flyway Network Sites are being sustainably used to support subsistence livelihoods of the local community.

**Indicator 1.4.1** Where local communities at Flyway Network Sites depend on the natural resources of the site to support subsistence livelihoods, this is occurring without adverse impacts on migratory waterbirds and their habitats.

<p><b>RQ12. (Govt, INGO)</b> In your country, are there examples of local communities at Flyway Network sites that are dependent on the sites natural resources to support subsistence livelihoods? If yes, please provide details on the site/s and the use of natural resources.</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned <input type="checkbox"/> Not known
<p>Additional information: Fishpond operators live in the Mai Po Inner Deep Bay Flyway Network Site and the surrounding. The operators could regulate water level for this fishpond operation including maintenance of the pond and harvesting of the fish for the market, of which migratory waterbirds including Black-faced Spoonbills could utilize drained fishponds during the period with suitable water level.</p>	

**KRA 1.5** Partners and local stakeholders are engaged in responding to activities which may threaten Flyway Network sites.

**Indicator 1.5.1** The level of engagement of EAAFP Partners and local communities in responding to threats to Flyway Network Sites is reflected in the number of meetings and events held and the participants attending.

<p><b>RQ13. (Govt, INGO, Sec.)</b> Are you aware of any Flyway Network Sites or other sites of international importance for migratory waterbirds that are currently under threat?</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
---	--

If yes, please provide details.	<input type="checkbox"/> Planned
Additional information: Mai Po Inner Deep Bay Flyway Network Site is currently under threats by urban development in the peripheral area and habitat degradation of mudflat by encroachment of invasive mangrove species ( <i>Sonneratia</i> ) and fishponds by intensifying fish farming practice.	

**KRA 1.6** The EAAFP Sister Site Programme has expanded.

**Indicator 1.6.1** At least five new EAAFP Sister Site relationships have been developed.

*Guidelines on Sister Site will be presented for adoption at MoP11. As such reporting on this KRA will start for MOP 12.*

**KRA 1.7** The membership of the EAAFP has expanded to deliver stronger outcomes for migratory waterbirds and their habitats.

**Indicator 1.7.1** Membership has increased.

RQ14. <b>(Sec.)</b> Please provide a list of new Partners since the last MoP (December 2018).
Your Response:

**Objective 2** Enhance communication, education, participation and public awareness (CEPA) of the values of migratory waterbirds and their habitats.

**KRA 2.1** The achievement of the elements in the EAAFP CEPA Strategy and Action Plan (2019-2024).

**Indicator 2.1.1** The CEPA Action Plan has been monitored, reviewed and updated as necessary to inform the EAAFP.

RQ15. <b>(Partners, TF/WG)</b> Does your country/organisation have a CEPA Program addressing migratory waterbirds and internationally important sites for migratory waterbirds? If yes, please provide brief details of the program.	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned
Additional information (website links if any):	

RQ16. <b>(Partners, TF/WG)</b> Has your country/organisation made use of the EAAFP CEPA Action Plan 2019-2024 when planning and implementing the CEPA activities?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned
Additional information (any example of how the Action Plan was reflected):	

RQ17. <b>(Govt, INGO, Corporate)</b> What CEPA activities have taken place at Flyway Network Sites and with which groups? If applicable (under a Sister Site agreement), please describe what have you done and who have you worked with.	<input checked="" type="checkbox"/> Applicable <input type="checkbox"/> Not applicable <input type="checkbox"/> Planned
Additional information (list of events and/or news/report links):	
Hong Kong Fishpond Conservation Scheme <a href="https://www.eaaflyway.net/promoting-the-wise-use-of-artificial-wetland-fishponds-in-hong-kong/">https://www.eaaflyway.net/promoting-the-wise-use-of-artificial-wetland-fishponds-in-hong-kong/</a>	

The HK Fishpond Conservation Scheme has a strong component of engaging and educating the public, e.g., guided tours in fishpond area, school and the public exhibitions:

The HKBWS Fishpond Festival [https://www.eaaflyway.net/wp-content/uploads/2021/06/Template-on-Case-Studies\\_HKBWS-fishpond-festival\\_2021.pdf](https://www.eaaflyway.net/wp-content/uploads/2021/06/Template-on-Case-Studies_HKBWS-fishpond-festival_2021.pdf)

We organize fishpond festival to celebrate waterbirds and habitats conservation with strong supports and association of local community, i.e., fishpond operators. This event demonstrates how the fishpond operators manage the wetland in a sustainable way with benefits to both wildlife conservation and livelihood of local people. It

The International Black-faced Spoonbill Census <https://www.hkbws.org.hk/cms/en/hkbws/work/endangered-species/bfs-en/bfs-census-2022-eng>

Annual BFS Census is not only an activity to count the wintering BFS at Mai Po Inner Deep Bay, but also an event to train volunteers to become surveyors and take part of the survey. It also helps raise the level of engagement toward the waterbird conservation from the public.

RQ18. **(Partners)** Has your country/organisation developed, and/or been implementing awareness-raising programs, particularly at Flyway Network Sites, with the following groups (check all that apply)?

- National and local governments
- Education Department/Ministry
- Site managers
- General public
- Schools/students
- Local communities
- Native/indigenous communities
- None
- Planned

Additional information (please provide a detailed description of the program(s) including target groups, aims, and major achievements):

RQ19. **(Partners)** Has your country/organisation hosted events for World Migratory Bird Day, World Wetlands Day or other international awareness-raising events since the last MOP (December 2018)?

- Yes
- No
- Planned

Additional information (list of events and any news/report links):

RQ20. **(Partners, TF/WG)** Has your organisation/group been engaging the public regularly through any media channels, including social media, to promote the conservation of migratory waterbirds and the wetlands they use? If yes, please specify the type of media channels by marking boxes that apply.

- Website of your organization/group
- Newsletter of your organization/group
- Social media (e.g., Facebook, Instagram, Twitter, Weibo, YouTube, and others)
- Contribution to EAAFP eNewsletter
- Other (please specify: .....)
- No

Additional information (links to media channels of your organization/group, the number of posts, and the number of views):

RQ21. **(Govt, INGO, TF/WG)** Has there been any training or capacity building delivered to stakeholders involved in the conservation of migratory birds and wetlands?  
If yes, please specify the audience/participants by marking the boxes that apply.

- Site managers
- Government officers
- Educators
- Citizen
- Other (please specify: teachers and students in school, members of HKBWS/birdwatchers)
- No

Additional information (please provide the number of events and participants, and describe any materials or other resources about the capacity building):

We provide regular training workshop to members for participating our waterbird monitoring programme. Qualified trainees will be recruited to become qualified surveyors to take part of the regular waterbird count. In answer of RQ17, we provided some details of the HK Fishpond Conservation Scheme. In the events of the scheme, we also provide training courses to volunteers who will become our nature interpreters to guide fishpond tours that we delivered our messages about conservation of migratory birds and wetlands.

RQ22. **(Govt, INGO, TF/WG)** Please add below if your country/organisation has any other information regarding CEPA to report.

Your Response:

**Objective 3** Enhance flyway research and monitoring activities, build knowledge and promote exchange of information on waterbirds and their habitats.

**KRA 3.1** National monitoring systems to assess the status of migratory waterbirds and their habitats are established, maintained and further enhanced.

**Indicator 3.1.1** A standardized monitoring methodology for migratory waterbirds and their habitat is developed and used in nationally coordinated monitoring programmes.

RQ23. **(Govt)** Is there a program in your country to monitor migratory waterbird numbers?  
If yes, please provide details on the program, the role of volunteer counters and the monitoring efforts since MoP10 (December 2018).

- Yes
- No
- Planned

Additional information:

RQ24. **(INGO)** In what countries is your organisation involved in migratory waterbird and/or site monitoring (select all that apply)?  
Please provide details on the monitoring program(s) and monitoring efforts since MoP10 (December 2018).

<input type="checkbox"/> Singapore	<input checked="" type="checkbox"/> Viet Nam
<input type="checkbox"/> United States of America	<input type="checkbox"/> None

**Additional information:**

We are still organizing regular waterbird monitoring programme – China Coastal Waterbird Census, a monthly waterbird surveys at 15 sites along the coast of China from Liaoning to Hainan.

We also support projects related to waterbird monitoring at Mongolia, Malaysia and Vietnam in 2022, Indonesia and Malaysia in 2021, and Indonesia in 2019.

**Indicator 3.1.2** All country partners have nationally-coordinated monitoring programs in place.

**KRA 3.2** Conservation status reviews for waterbird populations are produced and updated to set and adapt priorities for action.

**Indicator 3.2.1** Data describing waterbird population estimates, trends and distributions are available to the Partnership.

**RQ25. (Govt, INGO, TF/WG, Sec.)** Please report briefly on data management in relation to migratory waterbird population estimates, trends and distributions.

Your Response: We are responsible to data collection, verification, reporting, publication, training of new surveyors and promotion.

**Indicator 3.2.2** Two updates of waterbird population estimates have been produced and published.

**RQ26. (Partners, TF/WG, Sec.)** Please report on your contribution to the migratory waterbird Conservation Status Review.

Your Response:

**KRA 3.3** Updated list of sites of international importance for migratory waterbirds for conservation management and prioritization.

**Indicator 3.3.1** An updated list of sites of international importance for migratory waterbirds for conservation management and prioritization will be maintained by the Partnership.

**RQ27. (Partners, Monitoring TF, Sec.)** If you are aware of significant new information on internationally important sites for migratory waterbirds, please provide brief details.

Your Response:

**KRA 3.4** A stronger understanding is developed on the anticipated impacts of climate change on waterbirds and their habitats and this is informing planning and site management.

**Indicator 3.4.1** Improved knowledge about threats, including climate change impacts, on waterbirds and their habitats is shared and appropriate action taken where possible.

**RQ28. (Partners, TsC, TF/WG)** Please provide details on key research on climate change impacts on migratory waterbirds and wetlands in the EAAF, published since MoP 10 (December 2018).

Your Response (please provide the web links if available online or reference for relevant publications):

**KRA 3.5** Collaborative research programs are established to provide effective support for conservation and sustainable management efforts, particularly the sustainable use of resources for local livelihoods benefits.

**Indicator 3.5.1** Research programs on improving conservation and sustainable management outcomes have increased.

RQ29. **(Partners, TsC, TF/WG)** Please provide brief information on areas of research programs since the last MoP (2018) about improving conservation and sustainable management outcomes at internationally important sites for migratory waterbirds.

Your Response:

**Indicator 3.5.2** Knowledge generated is being applied in at least 50% of internationally important sites for migratory waterbirds.

RQ30. **(Partners, TsC, TF/WG)** Please give examples of how knowledge generated through research programs on improving conservation and sustainable management outcomes is being applied at internationally important sites for migratory waterbirds.

Your Response:

**KRA 3.6** Best practice guidelines for waterbird and habitat conservation programs, including the incorporation of traditional knowledge, are developed and made available.

**Indicator 3.6.1** Best practice guidelines are available on the EAAFP website.

RQ31. **(Partners, TsC, TF/WG)** Please provide brief details on the development and application of best practice guidelines for waterbird and habitat conservation, including the application of traditional knowledge, published/made available since MoP10 (December 2018)?

Your Response:

RQ32. **(Sec.)** What are the best practice guidelines that are available on the EAAFP website?

Your Response:

**Objective 4** Build the habitat and waterbird management capacity of natural resource managers, decision makers and local stakeholders.

**KRA 4.1** EAAFP promotes the use of the range of available training tools and provides assistance to address challenges at Flyway Network Sites.

**Indicator 4.1.1** All Partners and Secretariat have mechanisms for capacity building in place to facilitate the sharing of knowledge, tools and experience.

RQ33. **(Sec.)** Please provide updates on identifying/developing internet-based approaches for capacity building for migratory waterbird conservation.

Your Response:

RQ34. **(Partners, TsC, TF/WG, Sec.)** Have you been involved in identifying/developing capacity building materials and opportunities?

If yes, please provide some details.

- Yes  
 No  
 Planned

Additional information:

RQ35. **(Partners, TsC, TF/WG, Sec.)** Have you implemented activities to share skills building, tools and experience?

If yes, please provide some details.

- Yes  
 No  
 Planned

Additional information:

RQ36. **(Partners, TsC, TF/WG, Sec.)** Please provide feedback on the use you have made of capacity building materials and activities for migratory waterbirds and the management of their habitat?

Your Response:

**Indicator 4.1.2** Partners and the Secretariat include capacity building assessment in project proposals.

RQ37. **(Partners, TsC, TF/WG, Sec.)** Have you considered a training needs assessment in projects you have developed, funded, and/or implemented since MoP10 (December 2018)?

If yes, please provide some additional information.

- Yes  
 No  
 Not applicable  
 Planned

Additional information:

**Indicator 4.1.3** The EAAFP online technical training manual for Flyway Site management is supported and used by at least 50% of Flyway Site Managers.

RQ38. **(Partners, TsC, TF/WG, Sec.)** Have you used the [EAAFP online technical training materials](#) for Flyway Site management? Please provide some additional information on the usefulness of materials.

- Yes  
 No  
 Planned

Additional information:

**KRA 4.2** Capacity of Partner Focal Points and site managers to pursue the EAAFP objectives has increased.

**Indicator 4.2.1** The EAAFP implementation manual for Focal Points is produced and distributed, providing a set of resource materials for EAAFP implementation and awareness.

**Indicator 4.2.2** At least one meeting of Partner Focal Points, including site managers, is held per annum.

RQ39. **(Partners, TsC, TF/WG, Sec.)** Have you been able to participate in any

- Yes

Meetings of Partner Focal Points? If yes, have any new collaborations with other Partners been developed from the meeting/s? Please provide details.	<input type="checkbox"/> No <input type="checkbox"/> Planned
Additional information:	

**Indicator 4.2.3** All Partner Focal Points are submitting their Partner reports prior to each MoP.

RQ40. <b>(Partners, TsC, TF/WG, Sec.)</b> Have you been able to prepare your Partner report for the MoP? Have you found any difficulties in producing your report?
Your Response:

**KRA 4.3** Corporates with operations impacting on migratory waterbirds are engaged in delivering better outcomes for the conservation of waterbirds and their habitats.

**Indicator 4.3.1** An increased number of internationally important sites and programmes, in which Corporates are contributing to positive outcomes for migratory waterbirds and their habitats.

RQ41. <b>(Partners, TF/WG)</b> Please provide details you have on corporate engagement at internationally important sites and in programs to develop positive outcomes for migratory waterbirds and their habitats.
Your Response:

**Objective 5** Develop, especially for priority species and habitats, flyway wide approaches to enhance the conservation status of migratory waterbirds.

**KRA 5.1** Partners are actively collaborating to develop approaches to conserve migratory waterbirds and their habitats in the EAAF across national boundaries.

**Indicator 5.1.1** At least 50% of Partners are collaborating across national boundaries initiatives for the conservation of migratory waterbirds, particularly for threatened migratory waterbirds.

RQ42. <b>(Partners, TF/WG)</b> Please provide brief details on your transboundary involvement in international collaborative initiatives for threatened migratory waterbirds.
Your Response:

RQ43. <b>(Partners, TF/WG)</b> What do you consider to be the key innovative and/or improved approaches to the conservation of migratory waterbirds and their habitats since MoP10 (December 2018)?
Your Response:

**KRA 5.2** Threatened migratory waterbirds are protected from threats and populations are stable or increasing.

**Indicator 5.2.1** The Partnership, with leadership from IUCN, BirdLife International & Wetlands International, is updating and maintaining a list of threatened migratory waterbird populations and encouraging Government Partners to protect these threatened populations under national legislation.

RQ44. <b>(INGO, TF/WG, Sec.)</b> Please provide information on the development of a list of threatened migratory
--

waterbird populations in the EAAF in which you have been involved.

Your Response: We contribute our data, reports and information for IUCN Red List assessment and waterbird population estimate.

RQ45. **(Govt)** Which populations of threatened migratory waterbirds are protected under legislation in your country?

Your Response:

RQ46. **(Partners, TF/WG)** Has your organization been involved in taking actions to reduce direct threats to migratory waterbirds?

If yes, please provide some examples.

Yes

No

Planned

Additional information:

**Indicator 5.2.2** Single Species Action Plans are developed and implemented for threatened migratory waterbird species in the EAAF.

RQ47. **(Partners, TF/WG)** Please outline the contribution you have made to the development and implementation of Threatened Species Action Plans.

Your Response:

**Indicator 5.2.3** Populations of threatened migratory waterbirds are either stable or increasing.

RQ48. **(Partners, TF/WG)** Has your organization been involved in any program(s) to assess changes in the status of populations of threatened waterbirds?

If yes, please provide details.

Yes

No

Planned

Additional information:

**KRA 5.3** Regional Action Plans are developed and implemented for priority geographic regions of the EAAF.

**Indicator 5.3.1** Development and implementation of Regional Action Plans for geographical regions with common critical threats in the EAAF.

RQ49. **(Partners, TF/WG)** What has been your involvement in the development and implementation of Regional Action Plans?

Your Response:

**KRA 5.4** Measures to reduce and, as far as possible eliminate, illegal hunting, take and trade of migratory waterbirds are developed and implemented.

**Indicator 5.4.1** All Government Partners have mechanisms in place to reduce and, as far as possible, eliminate, illegal hunting, take and trade of migratory waterbirds.

RQ50. **(Govt, TF on Task Force on Illegal Hunting, Taking and Trade of Migratory Waterbirds)** What mechanisms are in place to reduce and, as far as possible, eliminate, illegal hunting, take and trade of migratory waterbirds?

Your Response:

**KRA 5.5** The conservation of migratory waterbirds and their habitats is mainstreamed into national legislation and/or policy instruments including adaptation to the impacts of climate changes.

**Indicator 5.5.1** All Government Partners have relevant national legislation and/or policy instruments include provisions on the conservation of migratory waterbirds and their habitats.

RQ51. **(Govt)** In your country, what are the current key national legislation and policy instruments that have provisions that cover the conservation of migratory waterbirds and their habitats?

Your Response:

**KRA 5.6** The conservation of migratory waterbirds and their habitats is integrated into relevant multilateral and bilateral agreements and other regional mechanisms.

**Indicator 5.6.1** Relevant environmental agreements recognise the EAAFP as an effective regional framework to conserve migratory waterbirds and their habitats.

RQ52. **(Govt)** In your country, what are the current multilateral regional and bilateral agreements and other regional mechanisms that include provisions on the conservation of migratory waterbirds and their habitats?

Your Response:

RQ53. **(Partners, TF/WG)** Please provide any suggestions you have on how existing multilateral regional and bilateral agreements, and other regional mechanisms, could be strengthened to deliver better outcomes for migratory waterbirds.
