Section 4. SHORT SUMMARY REPORT (Compulsory)

Provide a short article about your WMBD event or activity you arranged to celebrate WMBD. The following information (venue, organiser, number and type of participants, outcome) should be included in your article. (Minimum 400 words)

Wildlife Observer Community (WOC) was formed in 2017. Since then, WOC has been working on data collection, observation, research and conservation. In order to motivate and raise awareness amongst people and local community, WOC has been organizing awareness campaigns in Sumatra.

Celebrating World Migratory Bird Day (WMBD) one of the campaigns. Under our regular conservation activity programme this year, WOC organised two WMBD events: field visit and birdwatching, and public awareness. Wildlife Observer Community (WOC) has successfully held the World Migratory Bird Day 2022 in Kuala Simbur Village, Muara Sabak Timur, Tanjung Jabung Timur Regency, Jambi Province, Indonesia on 16-18 May 2022 with a series of activities.

The event started on May 16, 2022 in Kuala Simbur Village, Muara Sabak Timur, Tanjung Jabung Timur Regency, Jambi Province, Indonesia.

A Field visit and Birdwatching was carried out in the Kuala Simbur Village, Muara Sabak Timur, Tanjung Jabung Timur Regency, Jambi Province, Indonesia as a place to observe migratory waterbirds for the first time. During the activity, no large groups of migratory birds were found but still found permanent migratory birds and some resident waterbirds. This can still be used as education for participants who took part in this activity by seeing first-hand the conditions of migratory bird habitat in Kuala Simbur Village, Muara Sabak Timur, Tanjung Jabung Timur Regency, Jambi Province, Indonesia. The participants were very enthusiastic in participating in this activity using the tools provided by the committee.

WOC also organized an awareness-raising campaign among the local people and school-going children in the nearest area of the habitat of migratory birds. On 17th – 18th May, the project team conducted an awareness raising campaign in SD Negeri 22/X Kuala Simbur, Madrasah Aliyah Bustanul Ulum, for local people. The goal of this activity was to provide knowledge on migratory birds and their migration to local people and children near the site.

The project team also met the Head of Kuala Simbur Village and he was very enthusiastic about this event because they provide knowledge to the surrounding community about migratory birds where the presence of migratory birds must be maintained by maintaining their habitat and dimming the lights.

Section 5. PHOTO, VIDEO & MATERIALS (Compulsory):

Name of Photo/Video	World Migratory Bird Day 2022 in Kuala Simbur Village, Muara Sabak Timur, Tanjung Jabung Timur Regency, Jambi Province, Indonesia.
