## About World Migratory Bird Day 2023

WMBD is an annual awareness-raising campaign highlighting the need for the conservation of migratory birds and their habitats. It has a global outreach and is an effective tool to help raise global awareness of the threats faced by migratory birds, their ecological importance, and the need for international cooperation to conserve them. In 2018, WMBD unified the planet's major migratory bird corridors, or flyways: the African-Eurasian flyway, the East Asian-Australasian flyway, and the Americas flyways. **WMBD is now celebrated twice a year, on the Second Saturday in May and in October. In 2023, WMBD will be held on 13 May and 14 October. This year, the theme is "Water: Sustaining Bird Life".** The EAAFP Secretariat encourages Partners to celebrate WMBD twice a year.

## Introduction of EAAFP WMBD 2023 Small Grant
