Total number of participants	844

1.7 Outcome — What is the outcome from your event?

The celebration of World Migratory Bird Day (WMBD) 2024 in Mongolia by Wildlife Science and Conservation Center (WSCC) in West, Central and Eastern Mongolia was a success. Overall, over 844 participants have been reached out through this event about heard and seen bird research and migratory birds' conservation, especially how to deal with food chains of birds, importance of insects in migratory birds their successful migration annually. Many of the school students have been involved activities especially the first time heard about WMBD, and this event's importance will be remembered their heart. We have made short documentary program about wetland conservation and migratory birds of Ugii Lake, in C Mongolia via Mongolian National Broadcasting TV which broadcasted on 9th June throughout the country <https://www.youtube.com/watch>. The program is well received by public and got 6.5k viewers so far now. As well as the most importantly three ringing stations tremendously support idea of bird study and conservation for all attendance and their knowledge have greatly strengthened in their future, which has been proven that several students have been started involved in an assistant ringer position when they have free time from school. Information leaflets were distributed among all participants in E, C and Western Mongolia.

1.8 Any additional comments? (Optional)

Section 2. EVENT PROGRAMME (Compulsory)

Short report about event in Khurkh Bird Ringing Station - [Khurkh Bird Ringing Station](#)
 Short report about event in Khovd Bird Ringing Station - [Khovd Bird Ringing Station](#)
 Short report about event in Ugii Wetland Center - [Ugii Wetland Center](#)

Section 3. SHORT SUMMARY REPORT (Compulsory)

The celebration of World Migratory Bird Day (WMBD) 2024 in Mongolia by Wildlife Science and Conservation Center (WSCC) in West, Central and Eastern Mongolia was a success. WSCC, Mongolia has been celebrated WMBD since 2010s by small grants or our own funds in every year with various public awareness activities followed by each year's slogan made by CMS. The celebration was organized between 12th May to 20th May in Western, Eastern and Central Mongolia, supported by EAAFP small grant for WMBD and cooperation with Regional Ramsar Center – East Asia's grant, and high schools of every soums we occurred. All three sites very special place for migratory birds which was very important to involve with a local kids and teachers to explain their surrounding bird species around the home. We initially planned to be organized simultaneous event in S Mongolia, but it was cancelled due to the lack of manpower there. Overall, over 844 participants have been reached out through this event about heard and seen bird research and migratory birds' conservation, especially how to deal with food chains of birds, importance of insects in migratory birds their successful migration annually. Many of the school students have been involved activities especially the first time heard about WMBD, and this event's importance will be remembered their heart. We have made short documentary program about wetland conservation and migratory birds of Ugii Lake, in C Mongolia via Mongolian National Broadcasting TV which broadcasted on 9th June throughout the country <https://www.youtube.com/watch>. The program is well received by public and got 6.5k viewers so far now. As well as the most importantly three ringing stations tremendously support idea of bird study and conservation for all attendance and their knowledge have greatly strengthened in their future, which has been proven that several students have been started involved in an assistant ringer position when they have free time from school. Information leaflets were distributed among all participants in E, C and Western Mongolia.
